

RAJASHEKHAR I MATAPATI

Basavan Bagewadi, Karnataka | +91-9663319527 | rajumthpt@gmail.com

PROFESSIONAL SUMMARY

BCA graduate (CGPA 8.55 , 2026) with hands-on experience delivering 25 + projects across full-stack development, AI/ML systems, and IT infrastructure. Engineered an AI Data Intelligence Platform using LangGraph, Neo4j, and OpenRouter; orchestrated multi-agent workflows; and produced monitoring dashboards, REST APIs, and database-driven applications using Python, Django, and MySQL. Proficient in Agile/SDLC methodologies, DevOps tooling, and data visualization.

TECHNICAL SKILLS

Languages:	Python, SQL, JavaScript, R, C, C#	Frameworks:	Django, Flask, React, Vite
Web:	HTML5, CSS3, Tailwind CSS, Bootstrap	Backend:	REST APIs, CRUD Operations, Authentication, Secure DB Integration
Databases:	MySQL, SQLite, MongoDB, PostgreSQL, Oracle (Fundamentals)	Cloud:	AWS (Fundamentals), Azure (Fundamentals)
DevOps & CI/CD:	Docker, Kubernetes, Nginx, CI/CD Pipelines, GitHub	AI / ML:	LangChain, LangGraph, OpenRouter, Ragas, Opik, Neo4j, Databricks
Data Science:	Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn, Redis	Visualization:	Power BI, Tableau, Excel, PowerPoint
Testing:	White Box Testing, Black Box Testing, SQL Query Validation, Code Reviews	Methodologies:	Agile (Scrum), Waterfall, SDLC, Ticket Systems, Budget Planning
SysAdmin:	Hardware Troubleshooting, Network Setup, Virtualization (VMware, VirtualBox, Hyper-V)	OS & Tools:	Windows 10/11, macOS, VS Code, Cursor, Snyk, Notion, GitHub

WORK EXPERIENCE

Software Development Intern — Digital Dreams

Django · Flask · MySQL · GitHub

Jan 2026 – Feb 2026

- Investigated and resolved backend inefficiencies in Django and Flask, measurably improving application response time.
- Consolidated relational database schemas to eliminate redundancy, advancing query performance and data integrity.
- Executed systematic code reviews and SQL query optimizations, yielding stability improvements across production services.
- Collaborated with senior developers to document workflows and maintain version-controlled repositories on GitHub.

PROJECTS

AI Data Intelligence Platform

LangGraph · OpenRouter · Neo4j · Ragas · Opik

- Engineered an AI-driven analytics system enabling natural language querying over graph-structured enterprise data using Neo4j.
- Orchestrated multi-agent LangGraph workflows for scalable, automated data intelligence across cloud environments.
- Produced real-time predictive dashboards and Ragas/Opik evaluation pipelines ensuring production-grade AI reliability.

IT Infrastructure Monitoring & Reporting System

Python · Django · MySQL

- Built a real-time performance monitoring system enabling rapid identification of infrastructure bottlenecks and anomalies.
- Designed backend alert-generation logic and dashboards supporting root-cause analysis and data-driven decisions.
- Administered a secure, normalized database schema ensuring accurate data storage for audit and compliance reporting.

Tourism Information Web Application

Django · MySQL · HTML · CSS · JavaScript

- Developed a responsive, database-driven web app with optimized CRUD operations improving end-user experience.
- Optimized SQL queries to reduce page load time; implemented role-based authentication and an admin panel.

25 + Backend & Web Projects

Python · Django · REST APIs · GitHub

- Engineered and integrated REST APIs with secure authentication across diverse project types, producing scalable workflows.
- Maintained organized GitHub repositories with clean documentation and consistent code quality standards.

EDUCATION

Bachelor of Computer Applications (BCA)

Chetana BCA & BBA College | RCUB University

2026 — CGPA 8.55

PUC – Science

Shree BGS PU Science College | Karnataka Board

2023 — 82%

SSLC

Shree SB PU College | Karnataka Board

2021 — 83%

CERTIFICATIONS

- Data Science & Analytics — HP LIFE
- Data Visualization — Tata (Forage)
- Introduction to Generative AI — Google Cloud
- UX/UI Design — Innoovatum

SOFT SKILLS & LANGUAGES

Skills: Problem Solving · Root Cause Analysis · Logical Thinking · Report Writing · Team Collaboration · Client Communication

Languages: Kannada · English · Hindi
